*Change AT into @ when sending an e-mail.

At Hokkaido University, we are actively promoting both education and research activities while relying on diverse human resources and gender-equality. Therefore, we explicitly invite women qualified in research field to apply. We are also actively supporting a satisfying work-life-balance and are thus creating ideal environments for people to reach their full potentials.

Note 1: FSC, HU consists of the Experimental Forests, Livestock Farm, Experiment Farm, Botanic Garden, and Marine Stations. Faculty members belong to three Stations such as the Forest Research Station, the Agro-ecosystem Research Station, and the Aquatic Research Station (this recruitment) and have responsibility for managements of the facilities. Education and Research Division has six sections: Bio-resource Development, Ecosystem Conservation, Sustainable Bio-production, Biodiversity, Ecosystem Function, and Population and Community Ecology. Further information can be found at the following URL: <http://www.fsc.hokudai.ac.jp>

Note 2: Usujiri Fisheries Station, Nanae Fresh-water Station and Oshoro Marine Station have been approved as a Joint Usage / Education Center as the “Practical Field Education of Fisheries Biology in Hokkaido” by Ministry of Education, Culture, Sports, Science and Technology since July 2015. Further information can be found at the following URL (in Japanese):
